

PLEASE CONTRIBUTE
TO SAVE

THE
FORESTER

***Rejection of planning application to convert the
Forester to Residential !!!***

More good news! We have just received notification that Wiltshire Council have rejected the planning application for the conversion of The Forester to residential status. This is a landmark moment in our efforts to save the pub – and has happened thanks to the tremendous efforts you have made in sending your objections into the Council (249 objections in total). It has worked!

NEXT STEPS

Based on the Red Book valuation of the pub which we have already commissioned and received we can now make a formal offer to purchase the pub. It is happening for real now – we are a significant step closer to owning the pub

HOW YOU CAN HELP

1. Funding:

Thanks to your generosity we have already raised an incredible £565,500 in pledges from 159 individuals. We still need to raise another £185,250 in order to meet our target of £750,000.

- **Please do make a pledge if you can and haven't already**

Every pledge counts and helps us reach the target

- **Please help spread the word and ask your friends, colleagues and local companies to participate in Saving The Forester**

We are of course, also pursuing the arduous task of completing grant applications at the same time. If any of you have experience in this or would like to share the workload, **we would be very grateful for volunteers**

2. Publicity and Social Media

- **Please follow us on Facebook and Instagram and visit the website www.supporttheforester.org and share with your own networks**

Potential investors and grant bodies will all look at these to see what level of support and interest we have

Our next update, we hope, will be an update on purchase negotiations and a date for a public meeting...

Thank you for your continued support, together we ARE making it happen!
